

Annual Construction, Engineering and Infrastructure Day Conference

Marriages of convenience: being “stuck in the middle with you” in an EPCM project

[Sean Brannigan QC](#) and [Rachel Ansell QC](#) will be speaking at the Hogan Lovells Annual Construction, Engineering and Infrastructure Day on 7th January 2021.

The event will focus on major construction projects, giving you the chance to ask your questions to experts in various fields throughout the industry. The program will consist of talks and Q&A sessions on topics arising out of the modern reality of large infrastructure projects increasingly using the Engineering, Procurement and Construction Management route.
