

Podcast: Bias and Discrimination in Artificial Intelligence

The latest episode of 4PC Podcast is brought to you by [Quentin Tannock](#).

Quentin talks with [Minesh Tanna](#), Managing Associate and AI Lead at Simmons & Simmons LLP, on the topic of bias and discrimination in AI technologies. Their discussion covers how bias enters AI systems, the regulation of discriminatory AI system outputs in the UK (including the UK's *Equality Act 2010*), the relevance of the GDPR and related data protection laws and regulations, the trend towards achieving ethical or responsible AI and top tips for corporations developing and deploying AI systems.

Our podcast is also [available via RSS](#) for those who do not subscribe to Spotify.
