

# Tech Disputes Network event hosted by CYK

Quentin Tannock addressed an audience of around 40 solicitors and barristers at the inaugural [Tech Disputes Network](#) event in London. Quentin's presentation, titled '21<sup>st</sup> Century problems' identified emerging dispute hotspots in the FinTech sector and introduced resulting stakeholder disputes (including with shareholders, employees and suppliers), M&A related disputes and disputes arising out of insolvencies.

Quentin also addressed claims arising out of hacking, the decision in *Various Claimants v WM Morrisons Supermarket Plc* [2017] EWHC 3113 (QB), trends in relation to personal data related disputes and the case of *Lloyd v Google* [2019] EWCA Civ 1599.
